

From the Principal

Stephen Crossley - Principal

Portland Bay School is a government special development school for students with an intellectual disability, serving the western district community around Portland, Victoria.

The school aims to develop students that enjoy healthy, happy and productive lives by supporting students' academic, social, personal and interpersonal learning in a safe environment.

The school values fairness, innovation, teamwork and persistence.

The school operates a senior, middle and junior departments situated on the same campus and provides comprehensive individual programs in communication and literacy, mathematics, physical education, the arts and life skills. Some of our specialist programs include work experience, horse riding, community service, sailing, cooking, gymnastics, camps, swimming and motorheads.

In July 2018, we moved to our new school at 77 Henty Street in Portland. Our current enrolments is 62-students (July 2019).

The school provides a door-to-door bus service for all students in the district and this includes, Portland, Heywood, Dartmoor, Tyrendarra, Yambuk, Macarthur, Condah, Digby and Nelson.

I believe that education is a vehicle to attaining fulfilment in life and schools should work to develop students to their full potential in partnership with families and the community.

I would be pleased to take prospective students and parents for a tour of the school at any convenient time. Please ring our office to make an appointment (Ph 55232218).

Stephen Crossley

Principal
